

MORNING APPEAL.

TUESDAY, JULY 10, 1877

THE SEMI-ANNUAL SETTLEMENT of the counties with the State was completed yesterday. Following is the result:

| COUNTIES. | Gross amount collected. | Expenses. | Amount paid to holders of claims. |
|-------------|-------------------------|-----------|-----------------------------------|
| Churchill. | \$124 22 | \$116 06 | \$8 20 |
| Douglas. | 425 11 | 206 08 | 219 03 |
| Elko. | 3,402 33 | 527 83 | 2,874 50 |
| Esmeralda. | 5,484 57 | 639 09 | 4,845 48 |
| Eureka. | 8,710 90 | 2,231 34 | 6,479 56 |
| Humboldt. | 1,073 85 | 302 57 | 1,376 42 |
| Lander. | 2,203 18 | 727 51 | 1,475 67 |
| Lincoln. | 2,340 15 | 267 29 | 2,072 86 |
| Lyon. | 5,729 56 | 515 36 | 5,214 20 |
| Nye. | 2,730 65 | 464 67 | 2,265 98 |
| Ormsby. | 2,039 78 | 834 17 | 1,205 61 |
| Storey. | 158,118 97 | 8,021 17 | 150,097 80 |
| Washoe. | 1,421 03 | 872 53 | 1,048 50 |
| White Pine. | 5,073 17 | 566 26 | 3,106 61 |

RIVER ITEMS.—The water in the Carson river is again low, though just before the Fourth there was sufficient to keep the mills running. The hot weather brought it down very suddenly. The Eureka mill "hung up" twenty stamps yesterday morning. The mill was shut down for the day before the Fourth and remained so for three days, in order to allow the Dayton wood-drive to pass. The legislature having made the Carson a navigable river, the mills must not take water from it while steamers, sloops, schooners, flatboats and scows are sailing about on it, or while rafts and sticks of wood are floating down its mighty current. The Dayton drive consisting of eight or ten thousand cords of wood, is now below the Eureka mill, the tail end of it having passed yesterday morning. All this wood will eventually reach its destination, though it will need much urging. There is a big drive above Empire city. This too, will reach Empire, but to bring it down will require a good deal of hard work.

MORE BACK TAXES.—The G. H. News of last evening has the following: At the meeting of the County Commissioners, held in Virginia City last Saturday, District Attorney Drake reported about \$1,000,000 due the county for back taxes on the proceeds of the mines. He had been looking up the facts and the figures, and he was satisfied that the amount could be generally collected. He had found that the actions of the past Boards had been more favorable than he supposed. The amount mentioned was due the county, and would if collected, be apportioned entirely between the General and School Funds. The whole number of suits to be brought would be about 100, or, if less, many causes of action would be necessarily conjoined. Some of the taxes were payable in gold and some in currency.

THE PIONEERS.—The regular annual election of officers of the Society of Pacific Coast Pioneers took place last Saturday evening at Virginia. President R. H. Taylor occupied the chair and there was a goodly number of the Old Boys in attendance. The election was held under the regulations of the Constitution, with the following result: President: A. J. Tyrell, of Virginia; Vice Presidents: Virginia, John Lambert, W. W. Tinker, Jos. Stewart; Gold Hill, Alf. Doten, W. H. Meserve; Ormsby County, R. R. Parkinson; Washoe County, L. Wintermantle; Secretary, T. B. Storer; Treasurer, A. L. Edwards; Directors, W. D. C. Gibson, C. A. Fletcher, S. D. Baker, Richard Rising, Marshal, Franklin Ward; Librarian, W. Frank Stewart.

Hon. H. R. Linderman, Director of the Mints, took his departure for San Francisco last evening, where the recently established Treasury Commission resumes its duties today. The Director does not express himself as to his belief respecting the ultimate result of the investigations of the federal offices at San Francisco. Mr. Linderman is highly satisfied with the work as conducted at our Mint, as well as with the general interest manifested in the service by the respective officers belonging thereto. The annual settlement at the Carson Mint has been of such character as to leave nothing to be wished for.

The funeral of the late Harry Zimmerman took place on Sunday, at 2 P. M., from the Presbyterian Church. The services were conducted by Rev. Mr. McClain. The remains were attended to their last resting place by the Carson Guards, the Fire Department, the Carson Brass Band, and a large number of citizens. We are informed there were thirty-three carriages in the procession to the grave. The large attendance at the funeral was an indication of the estimation in which the deceased was held while he lived among us. Harry was buried by the side of his old friend Bergy, who was killed by the Indians.

FROM THE BODIE DISTRICT.—Mr. Davies returned to Carson from the Bodie Mining District, yesterday, after an absence of about two weeks. It was law business that called him to that section, we believe; but he observed that the Standard mine is developing splendidly, and bids fair to be the richest gold mine in the State. Its yield is principally gold—very little silver. Their new mill is about starting up. These recent developments are helping the country all through that section.

OFFERS TO SELL OUT.—By reference to our advertising columns it will be seen that Mr. R. Fred Brooks contemplates a change of base. He offers his entire stock of stationery, jewelry, pianos, fancy goods and store fixtures at cost. Persons indebted to him are notified to call and settle immediately. See notice in relation thereto elsewhere in our paper of this morning.

The children of the Methodist Sunday school in Gold Hill will make a picnic excursion to Treadway's ranch on Thursday July 12.

HOTEL ARRIVALS.

DEPARTING: GEORGE D. FRYER, PROPRIETOR.
J. Gray W. M. Lent
R. Johnson E. Payne & W
J. Boyver C. A. Kennedy
J. Evans H. Weinrich
J. B. Eager J. M. Meredith
J. J. Corrigan Miss S. Clark

PETIT LARCENY.—Walter Cannon was yesterday found guilty in the Justice's Court of stealing young trees from the land of Mr. Muller. The offense is not so much in the value of the timber for wood as in the destruction of the young and growing forest of pines that has sprung up since the heavy timber was cut off. The circumstances of the case, we are informed by a party engaged in the prosecution, are, that Mr. Muller purchased eighty acres of land near the mouth of Ash's canyon, and thinned out the young pines in a manner favorable to the growth of those remaining. The parties who are prosecuted in the case cut down some 800 to 1,000 of these trees and sold them for lim wood. These young forest trees are springing up with a vigorous growth, and are from five to fifteen feet high. The Court will this morning pass sentence in this case. Other prosecutions for like offense will follow.

THE DROUTH.—The scarcity of water is severely felt all through Washoe, Eagle and Carson Valleys. The supply is less this year than since 1859. The streams are all absorbed close to the foothills. The crops will suffer greatly. The beautiful trees and shrubbery that ornament the homes in Carson will doubtless be saved by the use of the Carson Water Companies pipes.

Bob Ingersoll is engaged to lecture in Carson some time this week. He will also speak in Virginia.

In a recent lecture at National Guard hall Rev. T. H. McGrath spoke as follows on the subject of calamities:

Many seeming misfortunes befall mankind. But I am of the opinion that in the providence of nature there are no misfortunes. Men bring evil upon themselves and charge their ills to Providence. Nature never made a blunder. All things are under the domain of an unchanging law. Providence is cause and effect combined. Our minds are cramped by prejudice and ignorance, so that we cannot comprehend events in their entirety. We see but one scene in the great, never-ending drama of life. Had we the faculty of comprehending the whole, we would see that nature is uniform bounty and goodness. Most, if not all, of our human, social, political, personal calamities are caused by criminal neglect and by willful or ignorant violation of nature's laws. What we call freaks of nature are caused by the ignorance of men and animals. Human monstrosities are the product of human vice or ignorance. Those who are born without full faculties or with constitutional disease are the unfortunate fruit of their criminal progenitors.

Mrs. Hayes presented herself in a pleasant light in her late visit to Boston. She was driving with the ladies of her party when a carriage containing a gentleman, lady and several children was overturned in attempting to pass them. Scarcely had the accident occurred before Mrs. Hayes was out of her carriage and had one of the children in her arms, striving to soothe its frightened cries. Fortunately no one was seriously injured, the overturned vehicle was righted, and all concerned proceeded on their way.

There is a man in Georgia who can thus write to the editor of his local newspaper: "I am willing to vote to disfranchise myself until I am worth as much as \$1,000 of taxable property, if by so doing I can help to rid the State of this evil of universal suffrage."

The captain of a Canadian steamer has been arrested on the charge of desecrating the Sabbath by using his boat for an excursion trip.

Brussels, July 8.—The King is visiting General Grant to-day, and will give a state dinner in his honor to-night. General Grant will depart for Cologne on Monday morning.

London, July 9.—Concerning the situation on the Danube, we have no information from any quarter, except denials of the first hasty reports of the rapid advance of the Russians.

Lost,

ON THE WARM SPRINGS ROAD. A pair of Ice Scales. A suitable reward will be paid for them by returning to J. M. BENTON. July 4, 1877.
